WHERE HE GOES HE ASK PEOPLE TO TAKE THESE FOUR PLEDGES

I believe in unity of humanity.
I will never instigate communal disharmony, casteism, and will live with peace with everyone.
I will lead life with honesty.
I will remain free from intoxication.

Acharya Mahasharman

Akhil Bhartiya Terapanth Yuvak Parishad (ABTYP), an organisation of youth under the guidance of **H.H. Acharya Shri Mahashramanji** was founded in 1964 to unite the youth of Terapanth Jain Community between the age of 21 to 45 all over the world, which is envisioned as a common platform for all willing to come forward and join hands in order to reform and rebuild our society. The average age of India varies from 25-40 years therefore making it a youth dominating country, thus youth possess tremendous potential primarily due to its sheer size and energy.

ABTYP is doing a tremendous work throughout the country as RED REVOLUTION in the form of MEGA BLOOD DONATION DRIVE (MBDD), EYE DONATIONS AND AWARENESS DRIVES low cost medical treatments for every section of society under ATDC (ACHARYA TULSI DIAGNOSTIC CENTRE) through the channel of more than 350+ branches (Parishad) and more than 50,000+ youth associated in projects.

Corneal blindness is considered as the fourth leading cause of blindness after glaucoma, cataract and age-related macular degeneration. However, the corneal transplantation is solely dependent on the viability of voluntary donation of eyes. Unfortunately, the magnitude of eye donation in Asia is bleak when compared to the rest of the world.

The Eye donation program was launched in 2016 by ABTYP with the aim to provide grief counselling to the family of the deceased and also for encouraging them to donate with a more planned approach. ABTYP EYE DONATION program had stimulated for more than **3000** corneal donations in more than motivating **20** states of the country. This event has highly changed the perspective of people regarding eye donation who eventually decided to donate their eyes after death. It just requires proper knowledge, decision making ability and cooperation on the part of family members which is made easy by the young and energetic counsellors and co-ordinators of TERAPANTH YUVAK PARISHAD, under the guidance of ABTYP. The branches has shown tremendous piece of dedication towards influencing the society for donating the eyes of their family members.

EYE DONATION PLAN

ABTYP is all set to conduct awareness drives under the benevolent and consistent supervision of institutions of Govt of India, Health & family welfare ministry and eye banks of India at a mass scale through its **355+** branches for awareness amongst the masses and encouraging them to pledge their eyes for donation. Counsellors to be utilized for local voluntary, social and religious organizations for the selection of sites, local publicity, arrangements and mobilization of people and other infrastructure. ABTYP plays an active role in creating awareness and motivation of eye donation to clear the backlog of corneal blindness.

EYE DONATION INSIGHT

ABTYP | DONATE EYE DRIVE specialises in building capacities of individual counsellors & institutional co-ordinators and empowering communities for social and economic sustenance. Emphasis is maintained on imparting high-quality training content, materials and methodologies through skilled key opinion leaders and subject matter experts. Our capacity and skill building initiatives are kept dynamic through quality assurance and audit mechanisms. The Cascading Model approach is followed here, wherein national and regional-level master counsellor train local counsellors and local counsellor-level trainers train communities and individuals at the grassroots level.
